1. Under the current Soviet-Rumanian commercial agreement, Rumania is required to purchase spare parts for automobiles and trucks from the Soviet Union. Rumania is currently obligated to purchase such parts to the amount of one million dollars, a purchase reportedly in excess of her present requirements. A request for spare parts for Ford automobiles was, therefore, reduced by one-third of the original order.\*
2. The Soviets are reported as opposed to the Rumanian purchase of automobiles from elsewhere than the Soviet Union.

 Comment: No information is available concerning the original size of the order for Ford parts.
